# PRESS QUOTES

"NC Grey's voice surges with the  
passion of Nina Simone, the exotic  
sumptuous savor of Sade, and the  
bravura projection of Adele. It's  
evocative, rich and sensuous, truly  
sui generis"  
- Huffington Post

"..On 'Magic the EP' NC Grey  
presents a collection of sounds  
which you once wondered would  
ever resurface with such quality. It's  
a very exciting release for fans of  
bonafide jazz and soul whilst at the  
same time holds massive appeal  
for those with an inclination  
towards contemporaneous music,  
in a nutshell, for music fans,  
everyone wins with her debut EP.."
